Year

- ○ 2023
- ○ 2024

Category

- ○ Dark
- ○ Milk
- ○ Praline
- ○ Truffle
- ○ White

Category

- ○ 11–15%
- ○ 16–20%
- ○ 6–10%
- ○ No Discount

Key Summary

- Revenue does not increase as discount rises. On the contrary, items with no discount, generate the most revenue.
- The profit margin also tends to decrease with high discount levels. All product categories are profitable at lower discount levels.
- Patters remain same for each year.
